

## Tata Indica Vista

With powerful engine options such as the Safire (Gasoline) and the internationally acclaimed Quadrajet (Diesel), the Tata Indica Vista is a new way to look at style, comfort and performance.

### **Stylish Exterior**

The Indica Vista has a sporty frontal look with distinctive petal shaped headlamps and pronounced signature Tata grille. The look is accentuated by muscular wheel arches blending with contoured surfaces along its flanks. The characteristic vertically stacked tail lamps are unique in its class.

### **Comfort & Convenience**

To complement the exterior, the Indica Vista has a combination of stylish two tone interiors characterized by clean surfaces with an emphasis on simplicity and utility. The 2- DIN integrated music system and the break through central instrument cluster draw you into the Indica Vista experience.

The vehicle is packed with numerous convenience features like heating, ventilation & air-conditioning (HVAC), power windows, electrically operated outer rear view mirrors and remote central locking with immobilizer.

The tilt-adjustable feature of the steering wheel, in conjunction with a height adjustable driver's seat, ensures correct driving position. The all console comes with well designed utility spaces and a large deep glove box that can even accommodate a compact laptop.

### **Efficient Engineering**

The Indica Vista is designed with safety in mind and is equipped with driver, passenger and side Airbags. Efficient braking system with ABS and EBD provide safe and effective braking. The Indica Vista is powered by the 1.4 litre Safire - Gasoline engine and the Diesel version is powered by the internationally acclaimed 1.3 litre Quadrajet engine.

The stiffer front suspension sub-frame with strut mounted anti-roll bars and a new semi-independent twist beam rear suspension with gas charged dampers isolate noise and vibration while improving ride quality.
